

BANDMASTER STUDIO

Clarinet / Sax / Flute

School Clinics

School clinics are tailored to the level of your students.

Topics may be modified, added or subtracted, based on my determination of the student's abilities.

Common topics include:

- Proper care and maintenance (primarily for beginners)
- Embouchure discussion and exercises
- Breathing & long tone exercises
- Posture & hand position
- Articulation (proper concepts, discussion of styles, various exercises)
- Intonation & tuning
- Discussion of issues relative to: chalumeau, throat tones, clarion, & altissimo registers
- Range expanding exercises
- Practice habits (there is a proper way to practice)
- Reeds (selection, preparation, adjustment)

School Sectionals

I work with the students on their band music. I help students clarify/perform various rhythmic, technical, and musical interpretations. I make recommendations for effective practice techniques which will help them with their home practicing.

School Master Classes

Students perform music they have been working on and I critique them in front of their peers both for the individual student's benefit and those listening. Helpful for preparing auditions and competitions.

* Please call or email for rates and availability for clinics, sectionals or master classes *
